A GRAND SHOW TO FALL IN LOVE

FALLING | IN LOVE, Berlin's glittering show jewel. An explosion of colour – curated by the Parisian star designer Jean Paul GAULTIER. With the magic of an incredible 100 million (!) Swarovski crystals, to fall in love with. The crowning glory of this crystal rush on the world's biggest theatre stage is the largest Swarovski crystal – in the world.

The show title includes the word FALLING, a feeling of the current time. The ground that once felt so very firm beneath our feet seems to quake at times. At the Palast, we believe in the beauty of this world and in the good in people – despite everything. Hence our guests don't fall into a dark bottomless pit, but rather into a surging sea of colours, flowers – and love. Plunge with us into the garden of love that lies hidden beneath the grey asphalt of our civilisation.

FALLING | IN LOVE is a fantasy in bloom. As dreamy as it could ever be. For full details, more pictures and a stunning show trailer, see our website.
